

## TUBERCULAR MEETING ON

Washington, May 3.—Whether tuberculosis is caused by milk or by meat infected from bovine sources and what may be the best employment for tubercular patients were the chief subjects of discussion today before the Tubercular Congress. Dr. William H. Park of New York, held that pulmonary tuberculosis among adults is not the result of impure milk or foods.

Washington, May 3.—Only two and one-half per cent of all tuberculosis in New York City comes from infected milk, butter or meat from bovine sources, according to the statement made by Dr. William H. Park of that city today before the Pathological Section of the National Association for the Study and Prevention of Tuberculosis, at its sixth annual meeting. Moreover, said Dr. Park, this small percentage is found mainly in children. In other words pulmonary tuberculosis among adults is contracted solely from human beings, and is not the result of impure milk or foods.

Dr. Park supported throughout his paper the contention advanced by Dr. Robert Koch of Berlin, the discoverer of the tuberculosis germ, when he stood practically alone in declaring that cattle did not transmit pulmonary tuberculosis to human beings. The significance of these conclusions, it was pointed out, will be to direct all the energy of the campaign against tuberculosis to combating the spread of this disease among human beings, by preventing spitting, bad housing, overwork and other conditions bad for the health.

Washington, April 2.—A paper which caused considerable discussion was read before the Sociological Section by James Jenkins, Jr., of Brooklyn, today at the sixth annual meeting of the National Association for the Study and Prevention of Tuberculosis. Mr. Jenkins insisted that the chief function of a local anti-tuberculosis association was educational and not remedial. The Society must do its work by means of exhibits, lectures, posters, newspaper articles, he said, and in many other ways. Another function of the association must be that of giving inspiration and suggestion to others. Mr. Jenkins con-

tended that the Tuberculosis Committee in Brooklyn, of which he is the secretary, had done its best work when it secured the assistance of the city, private hospitals and others in doing work which the committee itself could never undertake.

He recommended in raising funds to secure a large number of small donations rather than a few large ones, and advised special collections in churches and Sunday Schools for special kinds of work. In conclusion he said:—

"In some localities the situation is such that a tuberculosis committee is really forced to do a certain amount of relief work, but the responsibility for this relief, even if initiated by the committee, should be placed as soon as possible on the shoulders of some regular relief organization, which perhaps is not fulfilling its entire duty to the public."

Washington, May 2.—Legislative provision for a special tax on payrolls to provide for insurance against tuberculosis was one of the suggestions made tonight by Dr. Lee K. Frankel at the meeting of the Advisory Council of the National Association for the Study and Prevention of Tuberculosis, which is holding its sixth annual meeting in this city.

Dr. Frankel spoke on the subject "Insurance against Tuberculosis." He pointed out that it is feasible to insure against sickness, but unless some method by which every workman would be obliged to insure were devised, the very classes among whom tuberculosis is most prevalent would not be reached by this insurance because rates would be too high. He advocated the formation of local municipal or county departments who should collect taxes based on the payrolls of employers of labor and who should use this fund for the care of tuberculosis workmen.

"Instead of compelling the payment of premiums on the part of employees," said Dr. Frankel, "it might be perfectly feasible and constitutional to have a special tax based on the payrolls of employers of labor, this tax to be fixed and graded according to the amount of the payroll and probably also according to the risks of the industry with reference to tuberculosis. Thus, for instance, dusty trades would be required to pay a larger proportional tax than trades where the risk of getting tuberculosis was not so large."

### The Kansas City Stock Market.

Kansas City, Mo., May 3.—Cattle receipts, 10,000, including 300 south-erns. Market steady to ten cents lower. Native steers, 6.25@8.10; southern steers, 5.25@7.60; southern cows, 3.25@6.25; native cows and heifers, 3.50@7.40; stockers and feeders, 4.00@6.75; bulls, 4.00@6.50; calves, 4.00@8.50; western steers, 5.75@7.70; western cows, 4.00@6.50.

Hog receipts, 14,000. Market weak to five cents lower. Bulk of sales, 9.05@9.25; heavy, 9.15@9.30; packers and butchers, 9.10@9.25; light, 8.90@9.20; pigs, 8.00@8.50.

If you want to be placed in the Daily Record they will be satisfied.

## PROTEST BIG FIGHT

Philadelphia, May 3.—Philadelphia Methodist ministers are endeavoring to start a nation wide protest against what they term the "national disgrace and calamity to the moral life of our people, the Johnson-Jeffries fight."

The resolutions adopted last night call on the ministers of all denominations in Pennsylvania and other states to unite in a protest to the governor of California against the fight.

Oakland, Calif., May 3.—Branding the match as a "desecration of our nation's great patriotic holiday," the Greater Oakland charter convention last night adopted resolutions protesting against the holding of the Jeffries-Johnson fight on the Fourth of July. Plans are being made for a public mass meeting in remonstrance against "this threatened violation of the moral sentiment and good order of the community."

Chicago, May 3.—Jack Johnson wired a friend here last night, telling him not to bet any money on the coming fight until further advised. The telegram also stated that the death of Tommy McCarthy had given the church people ammunition for their struggle against the big fight.

Ben Leonard, Calif., May 3.—"I'm going to lick Johnson sure. At the rate I'm going I'll go into the ring at 215 pounds. Talk about being fast. I'll carry Johnson along at a clip that will make his head swim."

So spoke Jim Jeffries last night, voluntarily and in the exuberance of his high spirits. "Getting garrulous," was the comment of the camp, and there was cause for the remark, for as a rule Jeffries is as taciturn as a cod-fish with mumps. But with his back healed and only a little stiffness remaining the big fellow is showing much zest now for hard training and the month of May will see severe and unrelenting work at Ben Leonard.

San Francisco, May 3.—Thirty thousand dollars in twenty-dollar gold pieces, the second installment of the Jeffries-Johnson fight forfeit, was deposited today in the Metropolitan bank in this city by Tex Ricard and Jack Gleason, the promoters. The gold was heaped in a glittering pile at the receiving window, while Ricard, Gleason, Jack Johnson, Berger and Little grouped themselves about it to pose for pictures. Johnson's famous "golden" smile flashed across the stack of gold from his post behind the window and rivaled the heap in brilliancy.

### E. B. KEMP AND MISS NANNIE ROSS MARRIED.

E. B. Kemp, manager of the Kemp Lumber Company yards at Artesia, and Miss Nannie Ross of that place were married at Artesia last night and came to Roswell on their honeymoon trip today. They made the trip here by auto and were accompanied by R. H. Kemp, brother of the groom, and Mrs. J. J. Sullivan and Miss Elizabeth Dooley, of Artesia. They are stopping at The Gilkeson. The couple sent their trunk to Roswell on the train and when it reached the hotel it was literally covered with such insignia of good luck as old shoes, hearts and well-wishing writings; also various other articles denoting that it belonged to a bride and groom. The trunk attracted much attention en route to the hotel. Mr. Kemp is well known in Roswell and many people here extend best wishes to him and his bride.

### St. Elmo Company Coming.

Capt. M. S. Murray, manager of the Army, has booked the St. Elmo Company, a strong theatrical organization, to play here May 11 and 12. More detailed announcement will be made later.

## BOARD OF EDUCATION

The Roswell Board of Education last night went through the change brought about by the recent biennial election, the old board meeting, finishing up its business and the new board convening and organizing for the two years coming by the election of officers and the naming of committees. W. T. Joyner was re-elected president, J. J. Jaffa was re-elected vice-president. Capt. M. S. Murray was chosen clerk. M. H. Brasher was chosen superintendent for the two years coming on an increase in salary and with his duties as clerk of the board removed. Many other proceedings of interest were had.

At the meeting of the old board there were present Messrs. Joyner, McGaffey, Buchly, Saunders, Jaffa, Hamilton, Divers, Ray, Murray, Finley and Rucker. After the reading and approval of minutes, all bills properly approved were ordered paid.

The superintendent's monthly report was read, and ordered filed. It showed an enrollment in April of 1,070, which was 126 more than in the same month last year. It showed an average attendance of 93 per cent, when the average of last April was 88 per cent. The pupils had an average attendance this April of over twenty days of 18 1-2 days. Last April the average was 16 days. The schools had an average daily attendance of 926, which is 114 more than last year. In the month of April there were 43 tardies, as against 60 the April preceding. There were six cases of truancy, twelve cases of corporal punishment and sixty visitors. Measles and mumps cut down the attendance in April more than all other causes combined.

President Joyner made a speech thanking the members for their work on the board and Supt. Brasher followed, thanking the members for their support in school work.

After this speech-making, the old board adjourned sine die.

As clerk, Supt. Brasher called the new board to order, with the following hold-overs present: Messrs. Jaffa, Joyner, McGaffey, Saunders, Hamilton and Finley. The oath of office was then administered by Justice A. J. Welter to the newly elected members, as follows: Messrs. Divers, Gibbany, Crawford, Rucker and Murray. M. U. Finley was elected temporary chairman of the new board, after which Dr. Joyner was nominated for president. He was selected without any member being nominated against him by the vote of seven to three, failing to vote for himself. J. J. Jaffa was re-elected vice-president unanimously and Capt. Murray was elected clerk unanimously.

M. H. Brasher was the only applicant for the position of superintendent. His choice was made by a vote of seven "for" and three "against," a two year contract. Two of the opposers to the two year contract would have voted for a one year contract with him, they state. One vote was thus made, but was not registered. The contract with Mr. Brasher will be as follows: From now until September, at his present salary of \$1,560. From September to June 1, at \$1,600 per year. From June 1, 1911, to June 1, 1912, at \$2,000 per year. After his election, Mr. Brasher, who had retired, was notified of the action of the board and thanked them and promised to give just what he had in the past to the schools of Roswell, and that, he said, was his very best efforts.

The rules and regulations of the old board were then adopted.

The bond of R. H. McCune, as treasurer of the board, was approved.

The new president then announced the standing committees for the coming two years, as follows:

TEACHERS:—McGaffey, Hamilton and Murray.

BUILDINGS AND GROUNDS:—Finley, Ogle and Rucker.

FINANCE:—Jaffa, Saunders and Divers.

VISITING SCHOOLS:—Crawford, Jaffa and Gibbany.

D. N. Pope, instructor in the High School, was given permission to use one of the temporary buildings at Central for a summer school.

Supt. Brasher announced the program for High School commencement and the exercises for the close of school. The program appears elsewhere in this paper. He reported having secured the Armory for the commencement sermon on Sunday night, May 8, and for the graduation exercises on May 12. The superintendent requested that the board, with the graduating class and members of the press, take seats on the stage at the graduation exercises.

Mr. Rucker was given the crop of alfalfa on the High school block for

watering and caring for the trees.

It was ordered that the clerk's office be maintained at Central school.

A list of those citizens who have failed and refused to pay their poll tax was turned in by the collector, Thomas Harrison, and instructions were made to bring suit against same.

The board then went into recess until Monday night, May 16, when the teachers for next year will be selected.

### ROCKAFELLOW WENT IN AS POSTMASTER TODAY.

A. H. Rockafellow this morning took charge of the Roswell Post Office as post master, succeeding Robert Kellahin, resigned. Mrs. Dora Mathews, who was assistant to Mr. Kellahin, completed her service at the office last night. Mr. Kellahin will remain in the office as long as needed to show Mr. Rockafellow the details of the work and will then probably go into the real estate and insurance business. Mr. Rockafellow is not prepared to announce the name of his assistant. He will remain personally in charge of the office.

### LAKE ARTHUR NOT COMING; GAME TOMORROW.

Word was received today that the Lake Arthur base ball team could not come to Roswell for a game this week, but will probably be here next week. The great game between the Institute and High School will be played tomorrow afternoon. Akin will be in the box for the High school and Riggins for the Institute.

### PROGRAM FOR THE CENTRAL SCHOOL MOTHERS CLUB

The following program will be rendered for the Central School Mother's Club on Friday afternoon, May 6, at 1:30 at the Central building:

1. Piano Solo . . . Bernice Shepherd
2. Paper . . . Miss Carolyn North
3. Recitation . . . Irene Murray
4. Address . . . Dr. W. C. Murray

Let every mother arrange to attend. This will be the last meeting for this school year and it will be very important. Plans and work for the good of the schools for next year will be discussed. Remember that the train-

ing and the education of your children should be the nearest things on your hearts. The teachers and the schools can not secure the proper results without your direct help and co-operation. This can be secured by your becoming a member of the Mother's Club. If you do you will not be a knocker and a bitter critic of the schools and the teachers. You will then see school problems from both sides and will become a booster and a helper for the schools and the teachers. Come; your children and the schools need your help and sympathy; come whether you have children in school or not; we need the help of every true and loyal citizen and woman in Roswell.—Contributed.

### Council Meets Tonight.

The city council meets tonight in regular session for May. The sprinkling tax ordinance and the ordinance providing for a city supervisor will come up and probably be passed. The prohibition ordinance will be given its second reading.

### Battery Has More Gun Drill.

There was a fair turnout at the meeting of Battery A last night. Continuation of gun drill was held, with good results.

### The Wool Market

St. Louis, May 3.—Wool unchanged. Territory and western mediums, 22 @24; fine mediums, 18@20; fine, 11 @14.

## HARD BLOW TO DR. HYDE

Kansas City, Mo., May 3.—Judge Lathaw this morning overruled the motion of the defense in the Hyde murder trial to strike out the testimony of Dr. Haines as being too speculative. The ruling was a hard blow to the defense, as it admits the plausibility of the State's theory that secondary tests for cyanide established the presence of that poison in the bodies of Colonel and Chrisman Swope.

The envelopes which contained the capsules dropped in the snow by Dr. Hyde were offered in evidence this morning and Dr. Haines testified that the stains made on the paper were made by cyanide.

### Tax Payers Take Notice.

Sec. 25, Chapt. 22, Laws of 1899, is as follows: "It is the duty of every person, firm or corporation having any interest, legal or equitable, in any real estate or other property in this Territory on the 1st day of March in any year, to see that such property is properly listed for taxation on the assessment rolls for such year, in the county in which same is located and file schedule of same."

"If any person liable to taxation fails to return a true list of such property it is then the duty of the assessor to make a list of such property and its value according to the best information obtainable and the person so failing is liable to a penalty of 25 per cent in addition to the assessment which shall be assessed and collected the same as part of the taxes."

The time prescribed by law is from March 1st to April 30th in each year. Therefore any one not having their property listed is requested to see that same is properly rendered on or before the 15th of May or be subject to the 25 per cent penalty that is allowed by law.

GUY H. HERBERT,

Assessor,  
Chaves Co., N. M.

5115

Wm. Lang, of Cheyenne Wells, Colorado, who has been here buying cattle, left last night for Carlsbad, accompanied by Barney McKissick, and they will ship out a trainload from that place today. Through Mr. McKissick, a total of 1,900 head of Peccos Valley cattle have been bought by Mr. Lang and shipped to Colorado this spring. He will put them on the range in Colorado.

### LOCAL OPTIONIST WINS IN ALABAMA PRIMARIES.

Montgomery, Ala., May 3.—Returns today indicated that the majority of O'Neill, the local optionist candidate for governor, over Malloy, the state wide prohibitionist, in the state Democratic primary will not reach twenty thousand as indicated last night and may be reduced to ten thousand. However, there is every prospect that O'Neill is safely nominated.

Leon P. Bristley, formerly book-keeper for the Roswell Hardware Co. and later employed in the same capacity by the Independent Hardware Company, was initiated into the Elk lodge last night at a special meeting. Mr. Bristley leaves tomorrow for Houston, Texas where he will make his home. He has lived in Roswell sixteen months and leaves many friends.

### U. S. WEATHER BUREAU.
